

Fruity Friday Collection Box

Instructions for assembling your Fruity Friday collection box:

1. Print out this PDF as a colour document on an A3 piece of card.
2. Cut out the box along the dashed line and the small rectangular money slot.
3. Make a crease along each pale yellow tab, the black line dividing the triangles, and the black lines that form the two triangles.
4. Bring both triangles toward each other allowing the paper to fold in half.
5. The tabs should then fold inward to create a pyramid shape, with the tabs on the side of the front triangle being placed inside the pyramid.
6. Stick together using glue on the side tabs of the front triangle and stick to the opposite panels making sure the tabs are on the inside of the box.
7. Fold in the remaining tab at the top of the prism, using glue to seal the moneybox.
8. Collect donations at your Go Bananas on Fruity Friday event and follow the instructions on the base of the pyramid for details on how to pay in the money you have raised.
