

World Cancer Research Fund (WCRF UK) is committed to preventing cancer. **WCRF UK** is the principal charity dedicated to the prevention of cancer through the research and promotion of healthy diets, physical activity and weight management.

By taking part in our **Go Bananas on Fruity Friday** campaign you are helping to raise vital funds to allow **WCRF UK** to continue its cancer prevention research and education programmes.

So remember, whatever you are doing to **Go Bananas on Fruity Friday**, by doing something fun, creative or just plain silly, you are helping **WCRF UK** in its fight to prevent cancer.

Good luck and have a banana-tastic time!
