## Do you love searching the internet as much as we hate cancer?

Well, by installing the WarOnCancer Search extension you can scour the internet and help fight cancer at the same time. Every time you search and click on a sponsored ad, WarOnCancer will donate money to help fund our cancer prevention work.

Follow the steps above and you'll be helping us try to stop cancer before it's even started; all whilst searching for the lyrics to that song you've been getting wrong for the last 10 years...

**If it's that easy, why wouldn't you?**

The WarOnCancer extension is currently only available with Microsoft Edge and Google Chrome. Other browsers are currently under development and will be available soon.
